

Rajesh Iyengar

FOUNDER & CEO, LINCOTE.AI

GLOBAL SPEAKER · AUTHOR · INVESTOR · SERIAL ENTREPRENEUR · OPERATOR

BIOGRAPHY

Rajesh Iyengar builds and scales companies at the edge of AI and manufacturing. As Founder & CEO of Lincode, he leads a team making AI visual inspection dependable on real production lines across automotive, electronics, and heavy industry. He is the author of the Amazon best seller *Teach the Factory to See*, a speaker at global industrial and AI conferences, an investor in early-stage founders solving hard problems in the physical world, and a serial entrepreneur who has founded and scaled technology businesses.
